Subject: CPRA Request: Video Tape Produced by Board Member Kropke

Dr. Mason...

The allegations against Ms. Kropke include assertions by the officers involved in Thursday afternoon's clash that she stated she was a "city" official, that they would be hearing more from her... and that she documented the whole encounter on video with her phone.

By her declaring herself as a "city" official, the video she produced became public record. I am making this formal CPRA request for an unedited/unaltered complete copy of the video captured by Ms. Kropke to help clarify the facts in this matter.

I have made similar request to Capt. Hawley for the officer's audio tapes for the same reason.

Regards.

Subject: PRA Request: Audio Recordings

Capt. Hawley...

This is a Public Records Request for copies of the audio recordings from the officers who had the encounter with Ms. Keri Kropke yesterday when she interfered with their interrogation of the homeless black man who allegedly stole from the bakery. The contact with Ms. Kropke occurred at the Chevron station on Imperial highway.

Any questions... you have my number.

Thanks.

Mr. Clark,

Thank you for the email and the numerous voicemails you left me on Thursday. I apologize for not responding to you sooner. Thursday proved to be a busy day for me and I was not in the office on Friday.

Per standard protocol, I will forward your PRA request to our City Clerk, Lillian Harris-Neal. In the future, please direct PRA requests directly to the City Clerk.

Sincerely,

Captain Adam C. Hawley
Brea Police Department
Investigation Division Commander
714-990-7633

Subject: Re: PRA Request: Audio Recordings

Capt. Hawley...

Are you telling me that the City Clerk is the official custodian of BPD records, reports and evidence? Because, that is potentially what the audio recordings are, evidence. Where are incident reports filed?

I looked through the City Clerks Records Retention Schedule and find no mention of any police records outside of those connected possibly to email/electronic communications, budgeting and purchasing matters.

I do not believe that the City Clerk needs to be conscripted into this matter. Please, simply record digital audio files to dvd and mail them to me.

Thank you.
